Purpose and functionality

“Product Icon Tag” is a module developed by 4webs to facilitate visibility of features, promotions or benefits of each item for sale in their online store. You may use your own icons and relate to a product or product group. From these icons the buyer may deploy, with the simple passage of the mouse, a label containing the description associated with the icon and product.

The module creates a panel attached to the product, integrating icons and labels. You can also activate tool tips and write a title and description for each tag in the desired language.

Therefore, this module is useful for those online retailers who want to increase their sales by providing product visibility with a large number of features.

CREATION OF TAGS WITH POSSIBILITY OF CONTEXTUAL HELP AND LINK TO TAGGED PRODUCTS

1. Write here the name of your label.
2. Decide here the public title that will appear on this.
3. At this point you can write the description or product information for this label.
4. Upload here the image file that will act as your label's icon.
5. Here you can activate the creation of a link within the same label, which will redirect your customers to other products that contain the same label.
6. Save this configuration.
7. Or cancel the creation of the label.

Once the configuration of your label is saved, you can see that it appears in a list in the start screen of the configuration of the module, being able to edit or delete them through the pulldown indicated below:

The screenshot displays the 'Configure Icon tags' interface. At the top, there are navigation icons for Back, Translate, Check update, and Manage hooks. The main section is titled 'GENERAL SETTINGS' and contains two configuration items: a 'Panel Title' field with the value 'Ventajas del producto' and a language dropdown set to 'es', and a 'Contextual help' toggle set to 'YES'. Below these settings are 'Cancel' and 'Save' buttons. The second section is 'ICON TAGS LIST', which includes a warning message and a table of tags. The table has columns for id, Tag, Title, Description, and Icon. Each row also has an 'Edit' button. A 'MASSIVE EDIT' button is located at the bottom of the list.

id	Tag	Title	Description	Icon
1	camera	Lens	Wide angle for perfect photos.	
2	book	Manual	It contains instructions.	
3	sofa	Comfort	Comfort for rest.	
4	gift	Gift	With your purchase a gift.

On the other hand, you also have the option of linking, individually, a certain product with one or more labels that you have previously created. To do this, access your product catalog (through the "Catalog" option in your Prestashop side menu), and click on the product you wish to link to one or more labels.

The screenshot shows the PrestaShop 1.7.5.0 admin interface. The top navigation bar includes the PrestaShop logo, version 1.7.5.0, a 'Quick Access' dropdown, a search bar with the placeholder 'Search (e.g.: product reference, custome)', and links for 'View my shop', user profile, and help. The left sidebar contains a navigation menu with sections: 'SELL' (Orders, Catalog, Customers, Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is titled 'Catalog / Products' and 'Products'. It features a 'New product' button, 'Recommended Modules', and 'Help' buttons. Below these is a 'Select all' checkbox and a table of products. The table has columns for ID, Image, Name, Reference, Category, Price (tax excl.), Quantity, Status, and Actions. The 'Price (tax excl.)' and 'Quantity' columns have sub-columns for 'Min' and 'Max'. A search bar is located above the table. The products listed include items like 'Customizable mug', 'Hummingbird notebook', 'Brown bear notebook', 'Mountain fox notebook', 'Pack Mug + Framed poster', 'Hummingbird - Vector graphics', 'Brown bear - Vector graphics', 'Mountain fox - Vector graphics', 'Hummingbird cushion', 'Brown bear cushion', 'Mountain fox cushion', 'Mug Today is a good day', and 'Mug The adventure begins'. A blue banner at the bottom of the screenshot contains the text 'ASSOCIATION OF A ICON-TAG TO A CONCRETE PRODUCT'.

Once inside the product, go to the "Options" tab.

The screenshot displays the PrestaShop 1.7.5.0 back office interface. The top navigation bar includes the PrestaShop logo, version number, a search bar, and user account options. The left sidebar contains a menu with categories like 'SELL' (Orders, Catalog, Products, etc.) and 'IMPROVE' (Modules, Design, etc.). The main content area shows the 'Options' tab for a product named 'Hummingbird printed t-shirt'. The 'Visibility' section is active, with a dropdown menu set to 'Everywhere'. There are checkboxes for 'Available for order' (checked) and 'Web only (not sold in your retail store)'. The 'Tags' section shows a text box with 'gift', 'camera', and 'book' tags. Below it, a note states 'Tags facilitate the product search for customers using the search bar...' with a 'Read more' link. The 'Condition & References' section includes a 'Condition' dropdown set to 'New', a 'Display condition on product page' checkbox, and input fields for 'ISBN', 'EAN-13 or JAN barcode', and 'UPC barcode'. The 'Customization' section is partially visible at the bottom.

1. In the "Labels" box (indicated in the screenshot above), you must write, separated by commas, the title (s) of the tags you wish to associate with this product. Then save changes.

Also, you can link icon-tags to some products at the same time. This is useful to link some tags to a lot of products in a category for example. In order to do this, we will return to the main page of the module.

MASSIVE EDIT

COMPLETE CONFIGURATION AND MANAGEMENT OF ALL TAGS OF YOUR STORE

1. Click in "MASSIVE EDIT" to going to the next page in order to add icon-tags to some products

The next screen will be like the following one:

The screenshot shows a dashboard interface for product management. On the left is a dark sidebar with navigation menus: 'Dashboard', 'SELL' (Orders, Catalog, Customers, Customer Service, Stats), 'IMPROVE' (Modules, Module Catalog, Module Manager), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is divided into several sections. At the top, there are filters for 'Categories' (with 'Clothes' selected), 'Manufacturers' (with 'Graphic Corner' and 'Studio Design' selected), and 'Features' (with a warning that only predefined features are available). A 'SEARCH PRODUCTS' button is located below these filters. Below the search filters, there are two tables. The 'SEARCH RESULT' table has columns for 'Id', 'Image', 'Name', 'Reference', 'Manufacturer', 'Supplier', and 'Active'. It contains one row for a 'Hummingbird printed sweater' with an 'Add' button. The 'SELECTED RESULTS' table has columns for 'Id', 'Image', 'Name', and 'Delete'. It contains one row for a 'Hummingbird printed t-shirt' with a 'Delete' button. An 'EDIT PRODUCTS' button is located below the 'SELECTED RESULTS' table. At the bottom of the main content area, there is a 'RETURN TO GENERAL CONFIG' button. A large blue banner at the bottom of the image contains the text: 'MASSIVE EDIT WITH PRODUCT SEARCH TO TAG MANY PRODUCTS AT THE SAME TIME'.

1. Here you can search your products that you want to tag. You can search by category, manufacturer and one or more features.
2. Then, click in "SEARCH PRODUCTS" to search your products.
3. Now you can see your search results. You can now add every product you want to the list.
4. Finally click in "EDIT PRODUCTS" to add or remove tags in all added products.
5. Also, you can click in "RETURN TO GENERAL CONFIG" to return to the main page.

In the next screen we can select what icon-tags add or edit from our products:

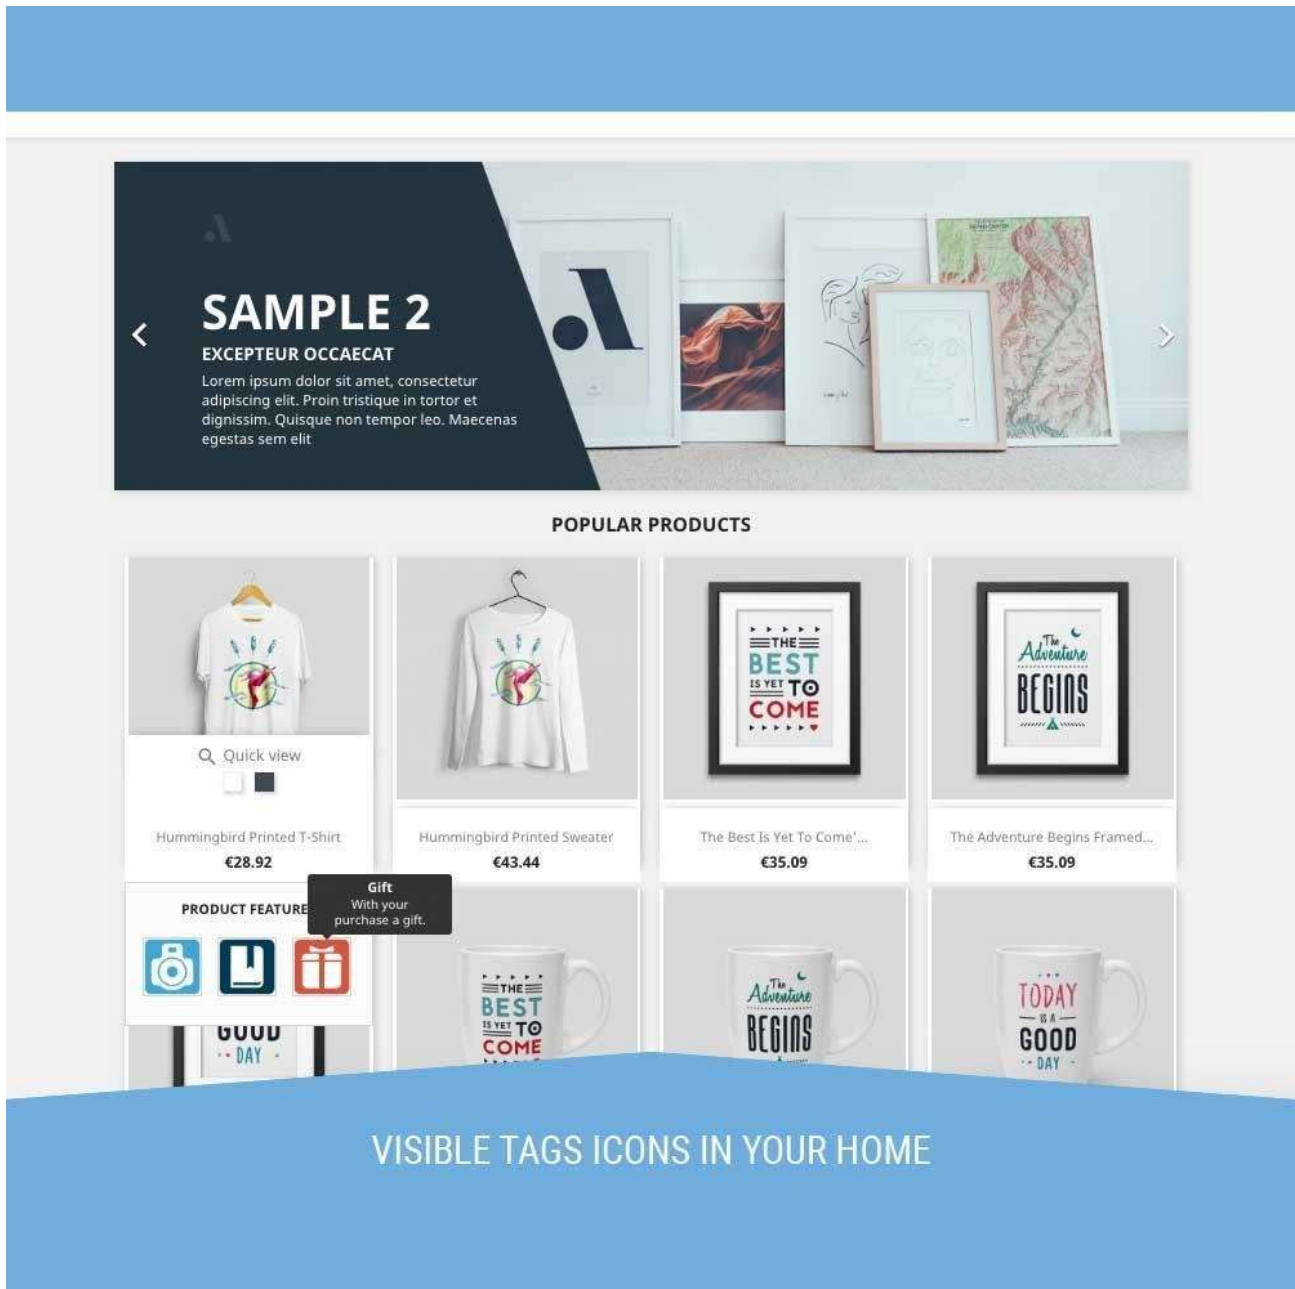

The screenshot displays the PrestaShop 1.7.5.0 interface. The top navigation bar includes the PrestaShop logo, version number, and search bar. The left sidebar contains navigation menus for 'Dashboard', 'SELL' (Orders, Catalog, Customers, Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is titled 'ABOUT OF ICON TAGS' and features a row of icons: HELP, SUPPORT, VOTE, 4webs, and PRESTASHOP PARTNER PLATINUM. Below this is a configuration panel with a heading 'Select all icons to put in selected products' and buttons for 'Add tags' and 'Delete tags'. A list of tags with checkboxes is shown: camera, book, sofa, and gift. At the bottom of this panel are 'SAVE' and 'Cancel' buttons. To the right, a 'SELECTED RESULTS' table lists one item: 'Hummingbird printed t-shirt' with a delete icon. A 'RETURN TO GENERAL CONFIG' button is located at the bottom of the configuration area. A large blue banner at the bottom of the page contains the text: 'MASSIVE EDIT WITH PRODUCT SEARCH TO TAG MANY PRODUCTS AT THE SAME TIME'.

1. Select if Add or Remove tags **1** products. Default value is "Add tags"
2. Here you have all of your icon-tags. Select what icon-tags add or remove from your selected products.
3. At this point, you can save your changes **2** or cancel. If you cancel, it will return to the screen before.
4. Also, you can return to the main page **3** module, removing all changes.
